*Times to Remember*

Bloomsburg University is a unique university in the State System of Higher Education and students value the education and experiences that come from living at college.Many academic buildings line the 112 acre campus that boasts a low student to professor ratio. And do not forget the building that has withstood the test of time and has been here since the start of this university-Carver Hall,that still today holds classes in the building and is the symbol of Bloomsburg Universiy.

*Times to Remember*

Bloomsburg University has had a long tradition of quality education for the last 75 years. Beginning with name Bloomsburg Academy, the process began to build a university that would teach students to succeed in life. After growing, the Commonwealth of Pennsylvania took over and called the institution The Bloomsburg State Normal School. Soon afterwards, due to growing enrollment, the University changed to a state teachers college. Today Bloomsburg has widened it's horizon into many different professions to meet the ever increasing demands of future students.

# Fall Move In

## As Summer Slips Away

We thought it was the end of life as we knew it. Well, it was. There were no more proms, no more hanging out by your locker in the hall. We were moving on, on to a new life, one that was totally unfamiliar to us. The carefree days of summer were over, now we were on our own.

Remember when Mom "helped" you unpack? Remember the hours it took you to find out where she put everything. So began the ritual of moving in.

That was the day you learned about college. The lines were everywhere, registration, the elevators, the bookstore, and worst of all the Commons. There were so many people- your parents, everyone's parents and your new roommate. That was the day the friendships and a new part of our lives began.

We were all in it together. Having someone to share it with helped the transition. The prospect of sharing your room with someone you didn't know scared us all. Luckily, for the most part, it worked out. That's when the questions began-right after Mom and Dad left. That's when we realized that we were on our own. Cooking? Cleaning? Laundry? No one ever said college was going to be easy.

Even before classes began, we started learning. Where do we get change for the phone? Where can I get a good pizza? What's a good radio station? And most important- where are the good parties?

Once classes began, we thought it would never end. Three chapters to be read by next week? Welcome to college. There was so much to do- clubs to join, friends to meet, wing meetings, dances to go to, and oh yeah, studying to do.

Dorm life proved to be challenging. Remember being up until midnight, or 1 a.m. or even 2 a.m. talking to friends or studying and then trying to get up for a 9 a.m. Psychology class. We proved we could survive anything then-fire drills, bomb scares the whole lot.

But remember how your parents cringed when you first slipped and called Bloomsburg home? Remember when it finally felt like home? That was the college experience.

# Bloomsburg Fair

## Food, Fun, & Spirits

This year's Bloomsburg Fair provided something for everyone. There were exhibits, shows, games, and food, plenty of food.

Keeping with the spirit of the small town fair the Bloomsburg Fair provided us with a little bit of the country. The exhibits ranged from dairy cows to pet rabbits, from homemade quilts to homemade clothes. There was something that each of us found of interest, whether it was all the games that you played for a quarter, or the exhibits where you petted the animals.

Entertainment was provided for everyone of all ages from the 50's Reveiw to Air Supply to Randy Travis, most tastes for music were quenched. The shows brought people from miles around and that was one special quality about the fair-meeting people from all over and sharing ideas.

As we look back over our years at Bloomsburg it may seem like yesterday but, come fall of our four years at Bloom we always looked forward to the fair.

# Parents' Weekend

## A Timeless Tradition

Every fall there is one weekend that almost all of us know that Mom & Dad will see how our room looks, how we are (or aren't) eating and how our studies are coming along-Parents' Weekend.

Although the 20th annual Parents' Weekend got off to a soggy start, that didn't keep parents and students from flocking to Redman Stadium to cheer on the football team and to see President and Mrs. Ausprich pick the winners of Mom and Dad of Bloomsburg University.

If football wasn't in your taste, there were more than enough other achivities to attend. Movies, plays, soccer games, student concert-there was tons to choose from-don't forget the mall and that all important trip to the grocery store to stock up on what the Commons can't provide.

No matter how hard it is to admit, most all of us look forward to and enjoy Parents' Weekend. It's fun to have your parents meet your friends, show off your home decor and just spend time with family. Don't worry Mom and Dad I had to great time as you did.

# Homecoming

## Music Makes the World go Around

Homecoming. . . A time of reunion, celebration and an opportunity to add good memories to your time spent here at Bloomsburg University. A time for alumni to return and collaborate with cherished friends to share their "Remember Whens" over good food, good drink and a good football game.

This annual tradition lives on as strong as it did when it first began 33 years ago. A planned sequence of festivities, from dances to parades, gets the whole campus involved in expressing their school spirit.

The beaming rays of sunshine and B.U. spirit led the many bands, floats and smiling faces up Main Street and carried Husky fans up to Redman Stadium. The action began with the kickoff as the Huskies and the Mounties battled their way through a game of excitement and anticipation. With a score of 16-14 and only 2 minutes 45 seconds left in the game, Bloomsburg fumbled giving Mansfield control of the ball and a chance to pull ahead. In the last 10 seconds Jim McCarroll blocked Mansfield's attempt at a field goal and the Huskies were victorious!

During halftime ceremonies Kelly Bracken was crowned 1990 Homecoming queen and the applause continued to roar as various trophies were given to participating organizations including Beta Sigma Delta, Delta Pi, Phi Iota Chi, and Phi Sigma Sigma, Phi Sigma Xi, and Chi Sigma Rho. Delta Epilison Beta, Tau Kappa Epilison and Phi Delta received awards for first, second, and third places in the float competition respectively. They represented their interpretation of this year's theme, 'Music Makes the World Go Around'.

With a few bars of our Alma Mater echoing in our minds we keep these memories alive until we can return next year to relive each one and make new ones to carry us into the future.

## Remembering . . .

# 75 YEARS OF EXCELLENCE

Remembering the past 75 years at Bloomsburg University from the beginning of the yearbook to now, 1991, has special significance. In the past many students dedicated their school years to producing the yearbook at Bloomsburg University. Their goal was to preserve our memories.

When the first yearbook was published at Bloomsburg University it had a different name. In 1916 a bunch of students gathered and decided to change the name to The Obiter, which translated means a slang expression or remark. Though that definition no longer fits the book today, we are very proud to acknowledge all the people over the years who have kept the tradition alive. So take a trip with us back in time to 1916 and see the people who started the tradition that we today still carry on with this the 75th edition of The Obiter.

Bloomsburg University and five other Pennsylvania State System of Higher Education universities were ranked among the top 100 public-supported institutions in the nation following a survey that examines "America's Best College Buys" recently conducted in "Money" Magazine's fall 1990 issue.

In an article written by Jersey Gilbert for the "Money Guide" issue, BU received a ranking of 30th for "its quality relative to price" in comparison to other public institutions throughout the country. The ranking places BU in the top 10 percent of America's public colleges and universities.

According to Gilbert's article, "Money" developed a system to examine all public higher educational institutions and identified those that deliver the "best education for the buck." The magazine used statistical analysis to determine the expected cost of each school, based on 17 measures of academic performance, and compared that figure to the school's actual cost.

"Schools that charged less than their 'expected' cost scored highly," wrote Gilbert. "Those that charged more fell in the rankings. We eliminated schools whose performance scores indicated that they provide a below-average education."

In the article, Gilbert wrote that "Money" used performance data which could be "compared fairly from school to school," and said that the magazine solicited the help of educational experts and consultants to conduct its survey.

"To create the most consistent system for cost comparison, we decided to use the school's full official price, and to use out-of-state charges in the case of public schools," Gilbert wrote. "We did not consider two-year colleges and those that attract mainly adult students, and we eliminated narrowly specialized and sectarian colleges."

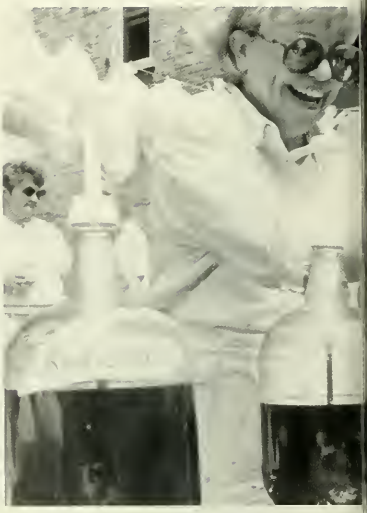
# Renaissance & Sibling's Weekend



The Renaissance Jamboree brought together about 8,000 people including, students, townspeople, and siblings. This festive weekend was held on April 27th and incorporated various activities ranging from singing, juggling, dancing, twirling, gymnastics, and an obstacle course. There were over 280 arts and crafts exhibits and over 80 non-profit organizations displaying food, and games. This is one of the weekends during the school year that townspeople and students at B.U. come together to share fun, food and great entertainment.

The university provides various fun-filled events to entertain the siblings of the college students. The weekend kicked off with an open swim at Nelson Fieldhouse while featuring the movie The Little Mermaid. Saturday there were many choices such as the Renaissance Jamboree Bingo, a magic show, and a Hawaiian Luau on Schuylkill lawn, with grass skirts, palm trees and tropical non-alcoholic beverages. On Sunday, also occuring on Schuylkill's lawn the siblings were able to tye-dye t-shirts while being entertained by Pete Lieback and Todd Cummings singing their classic rock music.

This weekend unoffically marks the end of school which makes the weekend even more enjoyable, until finals come.

# Studying at BU

## Working hard or hardly working?

Study? Do college students study? With all the parties and activities that go on one would think that we hardly have the time or the energy to study for that Chemistry test or Finance test let alone the presentation that is due tomorrow in Marketing!

But in the end we seem to find the time, whether it is keeping company with the creatures of the night or skipping your favorite sporting event. Finding a place to study is almost harder than the studying itself. The library is too noisy and too many friends are there to get any real work done, the union had the same problems. Study in your room . . . forget it!

Somehow we have all managed to get our studying done. We all found that perfect place to get those last few chapters read or those pesky calculus problems completed. That little table in the basement of the library, the President's Lounge, or even in your own room, we completed the work that has brought us to today, graduation.

# Nightlife At Bloom

## The Weekend Begins . . .

One of the first questions we asked as freshman was, "What is there to do in Bloomsburg?" After all, wasn't this the "party school" that everyone had talked about!?!

As with everything else at B.U., there was something for everyone. R.A.'s had mixers for us, there were dances sponsored by the Program Board, movies, and hanging out with friends. That was **on** campus. The nightlife that we all had heard about lurked off campus. There were the fraternities, Glenn Ave, Warhurst, and all those colorful houses. As we aged here at B.U., the selections seemed to dwindle, the small, private parties became more common. Of course, those were the days that "Beta" and "riot" seemed to go together.

Finally, sometime during our junior and senior years our nightly journeys took us in yet another direction. A passport or visa at Russell's, Pete & Todd at Harry's, mug night at Good Old Days, Classic Rock Night at Lemon's, and every night at Hess's.

This was also the time many alternative night spots opened up. There was Cheers! in the Hideaway, Theta Chi at the Olde Schoolhouse, and Pi Kapp dance parties. These gave the younger crowd a place to dance and socialize without the presence of alcohol.

The nightlife at Bloom. . . it made these the times to remember.

Of all the world events to happen over the past four years, the one that is freshest in our minds and hearts is the Persian Gulf crisis.

For us, it started with the deployment of U.S. troops in August, 1990, right before our senior year began. As the first few months went by, the feeling that this might start to hit close to home became stronger. Many of our fellow students left the secure atmosphere of Bloomsburg for the war-torn battlefields in Saudi Arabia.

The troops sent to the Gulf area comprised the largest invasionary force since Normandy. The names listed to the right are the men and women who made the ultimate sacrifice for freedom — their lives. The 1991 *Obiter* lists their names here so we will never forget that war is indeed hell.

Listed below are the names of our fellow students that were called to serve their country.

Finally, we must remember, as this year draws to a close and we leave Bloomsburg University, there are those we leave behind. . . just as those who are still in Saudi Arabia, Kuwait, and Iraq preserving our dream of peace.

# News from around the World

President George Bush and President Mikhail Gorbachev of the Soviet Union met several times during 1991 on economic, nuclear, and possible war in the Persian Gulf. The Cold War between the two super powers has ended and an era of cooperation has begun. The Soviet Union is in a critical economic condition and the Communist Party and the government agree that reform is needed, but they disagree on how to achieve it.

After months of debate and years of struggle, East Germany and West Germany became the Federal Rebublic of Germany on Oct. 3. The new country will have a total population of nearly 78 million people and will occupy 137,743 square miles, or about half the size of Texas.

In the early morning hours of August 2, following negotiations and promises by Iraq's dictator, Saddam Hussein, not to use force, a powerful Iraqi army invaded Kuwait. Within three days, 120,000 Iraqi troops with 850 tanks had poured into Kuwait. The United States wasted no time in answering the aggression. Hours after the invasion, Arabs throughout the world took to the streets in anti-Iraq demonstrations. The United States reacted immediately to the invasion, building up a U.S. force of well over 100,000 troops in neighboring Saudi Arabia. Other nations also sent troops and financial support. And the United Nations voted for an economic embargo against Iraq.

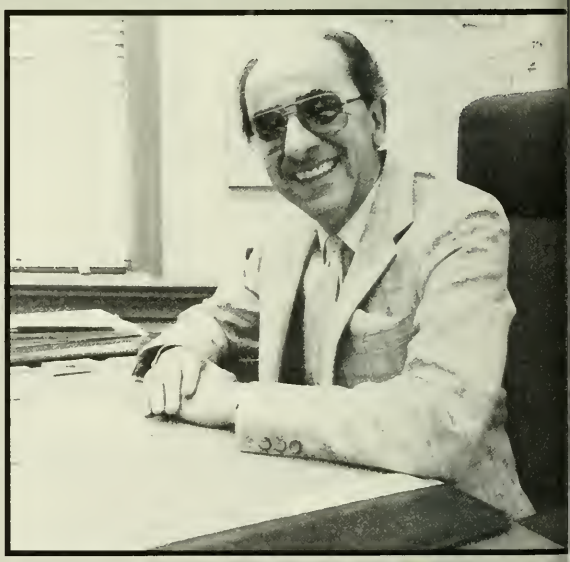
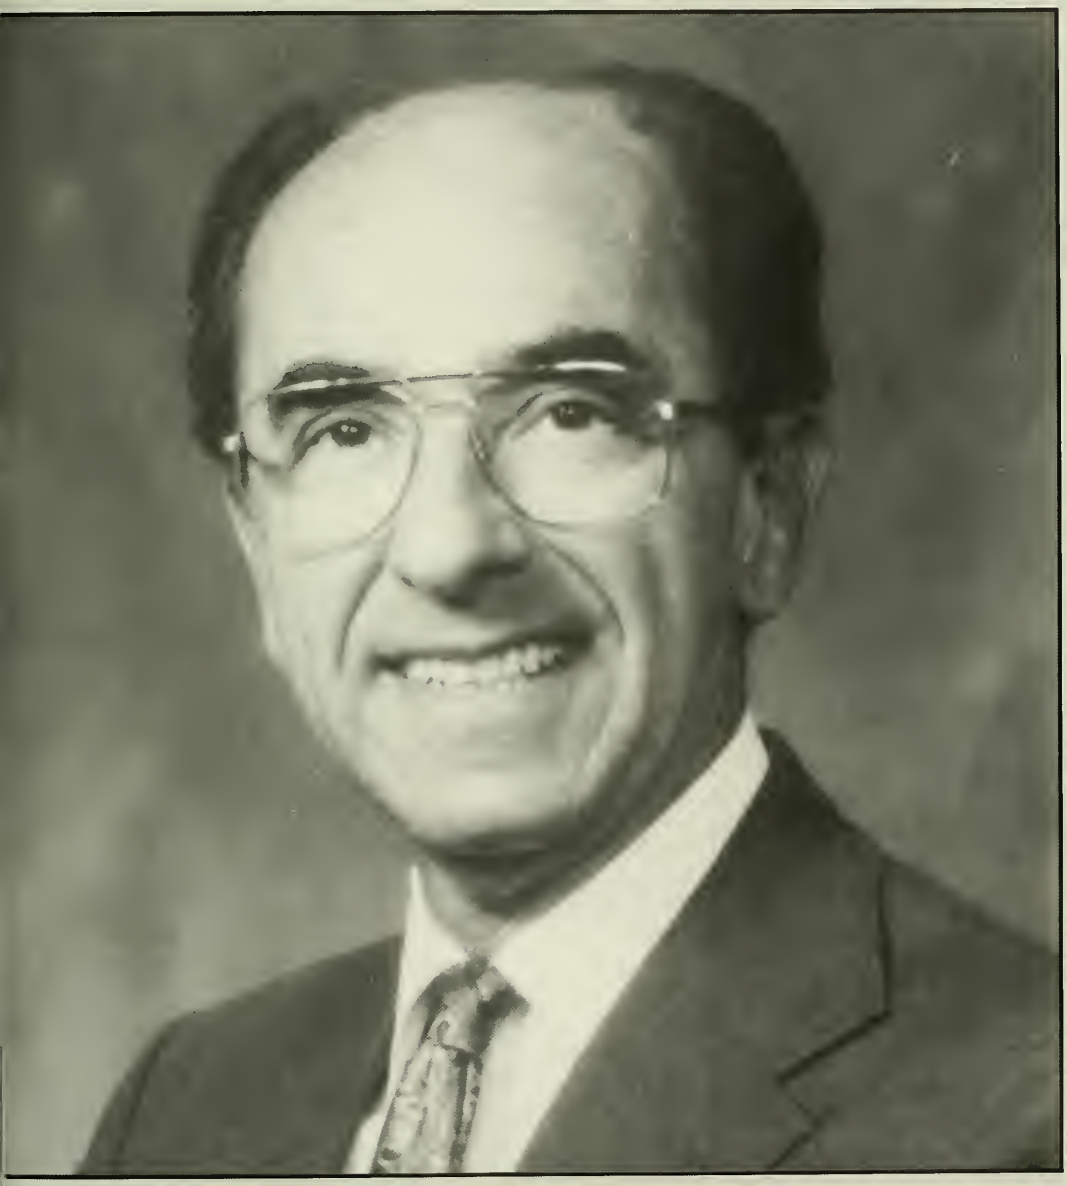
After spending four years at Bloom you will surely run across our President around campus so don't be afraid to talk to him.





# Vice Presidents

The four Vice Presidents of our university exemplify the diversity that is felt on campus. Their education and previous work experience is as varied as their responsibilities to the university.

# Governor Robert P. Casey

Robert P. Casey was elected governor of Pennsylvania on November 4, 1986 and was re-elected on November 6, 1990 by over a million votes, the largest gubernatiorial winning margin in Pennsylvania history.

Since being elected, Governor Casey has made dramatic reforms to improve the quality of Pennsylvania's schools. This includes an increase of a school performance incentive program which rewards improved student achievement; the first increase in minimum teacher salaries in 25 years and a college loan forgiveness program for teachers in under-served areas.

To expand access to higher education, Governor Casey has increased funding for student scholarships and challenged the state's public universities to limit their annual tuition increases. Last year, tuition increases were the lowest in 14 years.

Governor Casey has also taken on the crisis of drug abuse starting a program known as PENNFREE. In nearly quadrupling the state's commitment to fighting drugs PENNFREE provides historic support for tougher state and local law enforcement, expanding drug treatment services and increased funding for drug and alcohol education.

He has also taken unprecedented steps to clean up and protect the environment. When he took office, Pennsylvania had no recycling law, no toxic waste clean-up law, no clean water law and no tough enforcement policy against polluters.

Since taking office, Governor Casey has proven himself as a force that changed Pennsylvania.

# Sports

Athletics are a significant part of campus life at Bloomsburg University. In the fall, the Robert Redman Stadium is filled to capacity for Husky football games, while in the winter months the men's and women's basketball teams tear up the court in Nelson Fieldhouse. The tennis courts are the action packed spots during the fall and spring seasons.

Besides the sports mentioned above, Bloomsburg is the home of thirteen other intercollegiate programs, including the recently recognized women's soccer team.

It is exciting to watch Bloomsburg's teams compete, but the glory of the sport does not come easy to the athletes. They have trained long and hard to get where they are today. Training requires some to rise early in the morning, while others sacrifice winter breaks with family to spend it with coaches.

Whatever the case may be, each and every athlete is valuable to the strength and success of the Husky athletic program. On the following pages, the teams and their season accomplishments are recognized as are the players and coaches that make it all happen here at B.U.!

## 2nd Losing Season; Huskies Look Toward Future

Beginning the season with four loses, coach Pete Adrian and the team knew they had to make a quick turn around and they did just that ending up with a 4-7 record overall. The Huskies went on to play for the Eastern Division title for the 3rd time since 1980 at Millersville and went ahead 28-7 in the first half, but ended up losing with a final score of 40-35.

Many of the team members deserve recognition for their outstanding accomplishments. Tackle Eric Jonassen earned All American honors. Senior Steph Kern tied the school record for 21 career touchdown catches. He was also named to Pennsylvania Conference, Eastern Division, co-player of the year. The Huskies will be losing only four seniors; Rob Grow, Steph Kern, Nelson Barr and Brian Cosuthmeal which will allow for much experience for next year's season.

# Men's Soccer

## Kicking the Competition

The men's soccer team went to the Pennsylvania Conference playoffs for the first time in 15 years. Although they lost to Millersville 2-0 in the semi-finals there are great expectations from both the coaching staff and the players who know they can repeat their showing next year. The team, coached by Steve Goodwin, ended the season with a record of 7-9-3.

Senior Kurt Schmidt led the team in scoring with eight goals and one assist. Two players received All Conference, Kevin Kenjarski and Keith Cincotta. Cincotta along with John Marshall were named to the Pennsylvania All-Regional Selection. Athough their season was not outstanding, the men's soccer team was intense and deserving. We will hear a lot about them next year and for years to come.

## Men swing to second place in Conference

A third-straight, second place finish in the Pennsylvania Conference Eastern Division propelled the baseball team into the conference tournament for the second year in a row. First year head coach Matt Haney shared the conference's "Coach of the Year" honors after directing his club to an 18-12 overall mark. The Huskies were 14-6 in the division and upset eventual conference champion Slippery Rock in the first round of the double-elimination conference event before suffering two losses to close the season.

Junior Mike Bruno was the one performer to gain all conference honors, however, several individuals had fine years. Burno hit .310 while senior Jeff Gyurina led the Huskies with a fine .418 average. Gyurnia was also one of the team's top performers on the mound with a record of 5-2 and an earned run average of 2.61.

A trio of first year performers made an immediate impact with their contribution in the starting lineup. Twins Dave and Derek Little, along with Jason Vavra, gave a bright outlook to the future of the team as the Littles hit .348 and .341, respectively, and Vavra had an average of .289. From the numbers these three freshmen paint a picture of brightness for the baseball team for the future.

## Women Look to Avenge Title

For the first time in nine seasons, the softball team did not win the Pennsylvania Conference championship, but came as close to capturing the NCAA Division II title as any team in school history. The Huskies finished with a record of 43-7 after dropping a hard fought 3-2, 10 inning decision to Augustana (S.D.) in the national championship game. Bloomsburg had dropped a 3-1 contest to the same team in the tournament's opening round but battled back through the bracket to get another shot at the Vikings. During the season, the Huskies had just seven losses, four to Augustana.

Several individuals had outstanding seasons, topped by junior shortstop Janelle Breneman and junior pitcher Heather Young. The whole group, as well as senior third baseman Sandy Herr and sophomore rightfielder Denise Miller, were named to the All Pennsylvania Conference team.

Laudato was named to the All American team for the second consecutive season after leading the team in hitting with an average of .453. She scored 40 runs and knocked in 41 others and among her hits were 13 doubles, three triples, and seven home runs. Buckheit scored 42 runs and had 27 runs batted in, while Shelly had 33 runs scored and 48 rbis and had 19 doubles and eight home runs.

Breneman hit .272 and scored 27 runs with an equal number of rbis and Young was the top performer on the mound with a record of 21-5 and an earned run average of .78. Herr had an average of .289 and Miller hit .351.

The solid record marked the third year in a row that the team surpassed the 40 victory plateau and Huskies' 12th consecutive appearance in a national tournament.

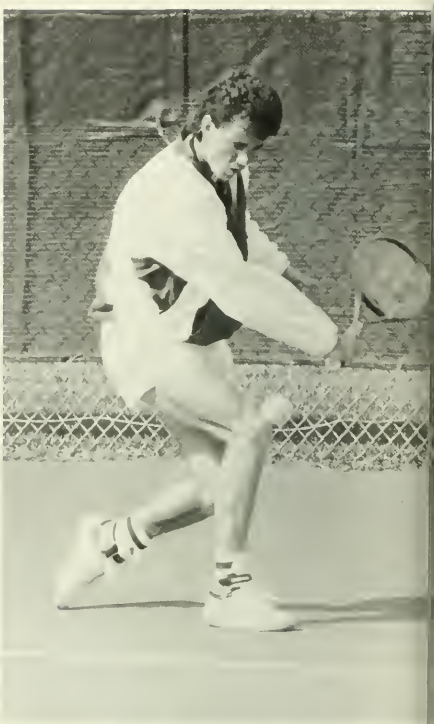
# Men's Tennis

## Roly Lamy named All American for 2nd straight year.



Injuries made for a rough going in the national playoffs for the men's tennis team, but the club finished with a 15-8 record against a grueling schedule and added another All American to an already impressive list. Bloomsburg, which finished the season ranked sixth in the country, dropped all three of its matches in the national team tournament but was forced to use a make shift lineup throughout most of the event. As a result of the injuries, four of the five entries in the national individual tourney were forced to withdraw.

The Huskies won the Pennsylvania Conference title for the fifth consecutive season and their 10th overall title. The club won all nine flights becoming only the fourth team in history to accomplish the feat and the third time by a Bloomsburg unit.

Senior Roly Lamy reached the national quaterfinals to gain All American status for the second year in a row and was named as the NCAA East Region's top senior performer. He concluded his career with a record of 134-42, easily surpassing the old school mark for victories (119) and was 37-7 this season.

Junior Mike Peterson was the only other performer in the lineup that was not a freshman and also enjoyed a fine year finishing 24-11 and winning a pair of conference titles. Kyle Barton was the top first year performer and was named as the NCAA Divison II "Rookie of the Year". He won a conference title in singles and doubles and posted a 30-7 record in his first season. All three players held high national rankings throughout the season. Other conference champions in singles included Brian Billone, James Mason, and Dennis Lommen, while Mason added a doubles title along with Jeremy Eby and Joe Zapf.

# 75th Anniversary GREEKS

The Greek system, although older than many of its members, is relatively young. In 1964, a group of men met to establish a fraternity on the Bloomsburg campus. That group, called the Social Improvement Organization, paved the road for the foundation of a Greek system. After two years of work with the university, the Social Improvement Organization became ΣΙΩ and the Greek system was born.

Although today it consists of 19 unique organizations, the goals of the Greek system are fairly universal. Each was built upon the ideals of friendship and leadership along with scholarship and service to others. The ways to acheive each of their goals is the uniqueness of each fraternity and sorority. Each has an extensive social calendar filled with mixers with other Greeks, date parties, alumni get- togethers, and banquets. Participation in Homecoming competitions and Greek Week are also standard fare. Working together as a Greek organization, the brothers and sisters have contributed to our community through various service projects.

Delta Pi is a very well-rounded fraternity- they do not fit into some category. Together the brothers all make great fraternity where every person is to the whole.

Delta Pi lives in one of the biggest houses in Bloomsburg. But more importantly, the brotherhood owns it. They are their own landlords and make their own rules. Another benefit of the house is that it is inexpensive to live in; the rent is low and all inclusive. Plus, with 30 or so roomates, there is always something to do or someone to party with. Along with having one of the cheapest dues on campus, being a brother of Delta Pi allows brothers to get so much more out than they put in.

Delta Pi has a killer banquet every semester, a picnic every spring, and mixers every week. As many students know, Delta Pi also has great parties weekly.

Most importantly, Delta Pi is respected on campus. They get along well with the fraternities and the sororites love to mix with them. And unlike many other fraternities, Delta Pi does not have a reputation- every brother is proud to wear his letters.

In the Spring of 1989, a group of women came together with the common goal of forming a new social sorority at Bloomsburg University. This group of diverse individuals was brought together with the aspiration of becoming an organization based upon social, service, scholarship, sorority and sisterhood. They sought a national sorority backing from a sorority that shared their goals and ideals. That was found in the International sorority of Delta Phi Epsilon. The group decided to establish as the local sorority of Alpha Delta Chi in August of 1990. As Alpha Delta Chi, the new probationary sorority completed all the necessary requirements to become a recognized sorority with full privileges at Bloomsburg. **NICKNAME:** SIO
**COLORS:** Burgundy and white
**MOTTO:** "A single soul in friends"

In 1964, several men met in what was then North Hall for the purpose of establishing a social fraternity at Bloomsburg State College. Strenuous efforts, however, led first to the creation of a club as there would "never be social fraternities at Bloomsburg." The men selected the name "Social Improvement Organization" (SIO) and continued to press for recognition as a fraternity. Two years of hard work led finally to the recognition of SIO — Sigma Iota Omega — by the Board of Trustees as Bloomsburg's first social fraternity. From this early beginning there has evolved the "Greek System" o campus as it is known today. D Robert D. Warren has been the on advisor of SIO and was, early o dubbed The Father of the Greek Sy tem at Bloomsburg.

The IFC Cup resides at the S house after being won three years a row. And will reside there for ma years to come.

# Greek Week

Greek Week is as traditional as Rush and pledging. This week of games and friendly competition serves to bring the Greek System together. This year's Greek Week was well organized with much of the credit going to ΦΙΧ's Denise Splitt. Many fraternities and sororities that, in previous years did not compete as whole heartedly as others, took to this year's Greek Week a new enthusiasm. A good time was had by all with one TKE brother remembering the week as,"just a blur."

# ORGANIZATIONS

Program Board on Monday, Fencing on Tuesday, Hall Council on Wednesday, American Marketing Association on Thursday. Bloomsburg University has over 150 clubs and organizations for students to fill their calendars with.

There is an organization for everyone. College Republicans share their ideas on how to run the country while the Community Government Association actually runs our little nation. There are groups for religious fellowship, organizations for your major, a group for your favorite sport, even an organization that plans fun and frivolity for the campus.

Every fall the campus gets a chance to see these organizations in the Activites Fair sponsored by the Program Board. Many of the campus organizations take time to show off their group and gain new members.

These organizations helped to pave the way into college life for many. Our high school FBLA was continued in ΦΒΛ, and Key Club became Circle K. The friendships and ideas fostered in these organizations will be carried for a lifetime.

**"This is the Time"**
by Billy Joel

This is the time to remember
Cause it will not last forever
These are the days
To hold onto
Cause we won't
Although we want to

This is the time
But time is gonna change
I know we've got to move
But I don't want to lose you now

Sometimes its so easy
To let a day
Slip on by
Without even seeing each other at all
But this is the time you'll turn back to and so will I
And those will be days you can never recall.

(3) Hit it again.
(4) Throw clock out window.
(5) Clean up window you thought was open.
(6) Go to class.
(7) Receive assignment due in 1 week.
(8) Wednesday: Why think about it? You have a whole week.
(9) Thursday: Can't do work. Hess' is calling.
(10) Friday: Convince yourself you need a break after a long, hard week of procrastinating. Besides Hess' is calling.
(11) Saturday: decide that only geeks do work on Saturday.
(12) Sunday: wonder how the weekend went by so fast.
(13) Monday: figure it's time to call everyone you know long distance.
(14) Tuesday: complain to all your friends about this assignment you have due tomorrow and you haven't started it yet. But then decide the apartment needs cleaning.
(15) Due Date: cry to your professor that your roommate exploded and you were too busy making funeral arrangements and shoveling to finish the assignment. Then ask for an extension.
(16) Repeat.

**What is the one thing you've been dying to know, but were afraid to ask?**

How do they know Gravy Train gravy tastes like real gravy?
Why do girls always go to the ladies' room in groups?
Which resume did CDC give my interviewer?
How do they build tunnels under water?
How do you get a 4.0?
Why is it called Bloomsburg?
Why do girls only want to be my friend?
Will I get a job?
What's the matter with having the desire to make enough money to continue to live in a style to which I've become accustomed?
Why?

The staff of the 1991 Obiter decided to continue the tradition started in the 1990 Obiter giving parents a spot to say their congratulations. In April, eight hundred letters were mailed to the parents of graduating seniors. All we asked for was a $5 minimum donation. The response was overwhelming. We would like to thank the parents who responded with such enthusiasm. The patrons are listed as they came in, not in any particular order.

# ALUMNI ASSOCIATION

Bloomsburg University • Bloomsburg, PA 17815
(717)389-4058 • 800-526-0254 • FAX: (717)389-4060

Dear Graduate:

WELCOME to the Bloomsburg University Alumni Association!

With Commencement, you have moved from one important part of the Bloomsburg University family — the student body — to another: the Alumni Association. You have joined over 32,000 other alumni who are making significant contributions to society in every state and more than two dozen foreign countries.

Wherever you go, please remember this: The staff of the Alumni Office stands ready to serve you, whether it is next month or in 20 years. That's why we are here, to serve as your liaison with the University. If ever you encounter a problem or need information, please contact us first. We will do everything we can to expedite a solution or a response.

In the meantime, we would like you to know what else you can expect from your Alumni Office. In a word, it is **SERVICE.** Here are some examples:

* Publishing *BLOOMSBURG,* the publication for alumni and friends of the University. Please feel free to send news about significant events in your life for the "Class Notes" section — the most popular part of the publication.

* Planning class reunions at five-year intervals on either Alumni Weekend in the spring or on Homecoming in the fall. If you would like to help plan your reunions, please contact the Alumni Office.

* Arranging regional alumni meetings throughout Pennsylvania and other parts of the United States. Be sure to tell us when you move, so we can let you know when a meeting is planned in your area.

* Providing opportunities for alumni to return to campus to share their experiences with current students. These opportunities include the Alumni Fellow-in-Residence program each semester.

* Informing you of ways in which you can serve your Alma Mater, either through financial contributions to the University's Alumni Annual Fund or by contributions of your time and talent.

**Above all, please remember that your Alumni Association will be better if you take an active role in its projects and programs!**

Sincerely,

Doug Hippenstiel

**always remember. . .**

Graduation is over and the time has come to page through the past four years. . . five years. . . six years. . . oh well! The time has come to page through the years we have all spent together at Bloomsburg University. It seems as if just yesterday we were innocent high school graduates saying good-bye to the past and looking ahead to the future. Did we realize what we were getting into? Most likely we did not.

Here we are, the class of 1991. Once again we must say farewell and say hello to the world. But there are some things we will not say good-bye to — Memories. . .

**. . .remember**

. . .freshman year • (aka) first year • "under 32 semester hours of credit" • a year between 1985 and 1987, but no later than 1987 • freshman orientation • OWLS • experiencing the Commons food for the first (and last) time • learning the tricks to scheduling • an occasional party • meeting your roommate • making new friends • calling home every other day when you swore to never talk to your parents again, until you need money • MAC attacks (MAC machine, that is!) • another party • liking your roommate • forming a group of friends to "hang with" • eight o'clock classes • hitting the 8 minute snooze button. . . for an entire hour. . .

**. . .remember**

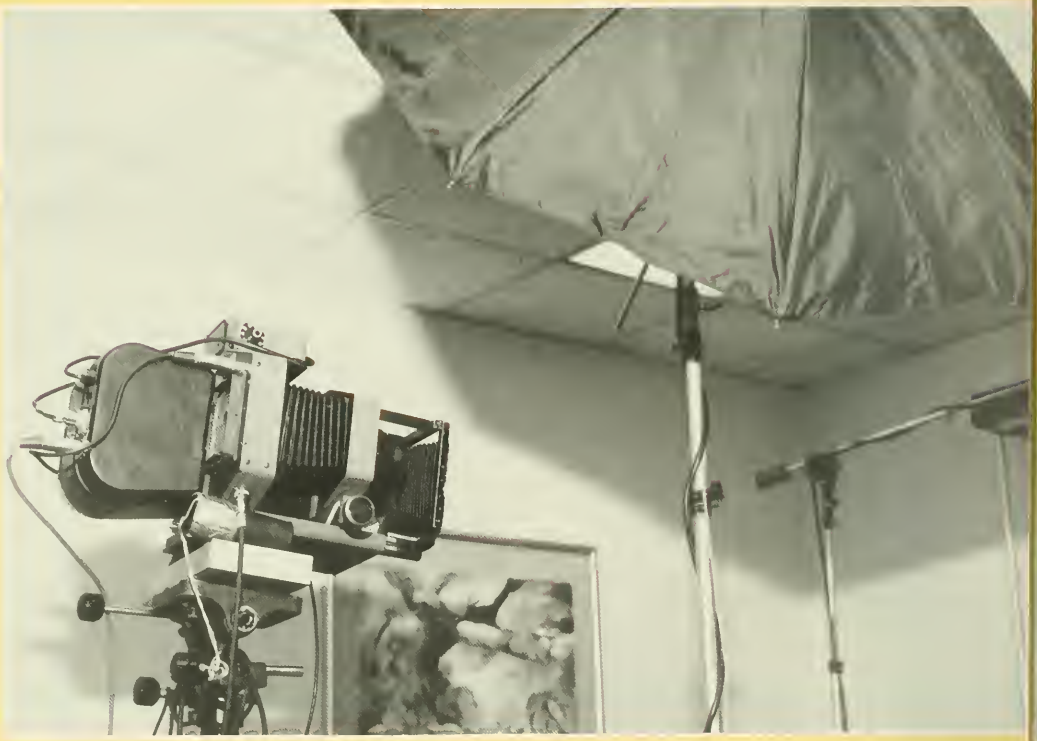
. . . meeting the girl or guy of your dreams • Sal's Place • studying in the library (not!) • socializing in the library (that's more like it!) • walking to the fieldhouse for a gym class or team practice in sub-zero weather • party • watching your favorite soap in the television lounge • hating your roommate • R.A.'s • hall meetings • the mythical "freshman fifteen" • hanging out with your friends • another party • to your surprise. . . finals week snuck up on you, huh? • **STRESS** • that's it, you have to kill your roommate (4.0) • snack night at the commons • you can always count on your friends • your first year went by so fast • isn't partying at BU a "RIOT" ? • phew! • three more years to go, or is that four. . .

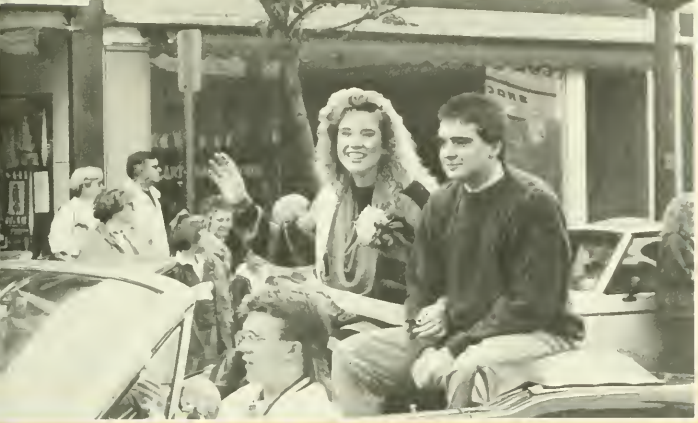
**. . .remember**

. . . sophomore year • (aka) second year • over 31 credit hours • etc • it's time to get involved. . . CGA • clubs • fraternities • sororities • off campus housing • so that is how a stove works • a schedule that fulfills requirements in your major • the Bloomsburg Fair • "townies" • the perfect opportunity to make fun of the incoming freshmen • town police crackdown on the party scene • your second year is a good time to start studying • friends • Homecoming • support gay rights — blue jeans day • sporting events • maybe you'll go to a party tonight, maybe not • oh no! you have just started a relationship with the girl or guy of your dreams — what will your friends say? • late night runs to the Uni-Mart • date parties • Cheers • friends • and so on. . .

About this time in our college career we settled into our own system of living at Bloomsburg. We all know that the list of things to remember from our first two years at BU is much too long to record, but easy to recall at any time. Now, it is time to turn to our final years at Bloomsburg and remember. . .

. . .junior year • end of summer break • Harry's Bar and Grille • Russell's • Lemons' Tavern • Good Old Days • Hess's Tavern • quick! what should I major in? • procrastination • friends • one too many extra curricular activities, but they sure look good on your resume • senioritis set in already • new Kehr Union proposal • internships • friends • campus parking • what parking? • campus security, oops! university police • road trips • beer goggling • upper campus apartments • sunbathing at the basketballs courts • friends • greek week • etc, etc . . .





**. . .remember**

. . . senior years • so soon? • senior *Obiter* portraits • the great Bloomsburg mud slide • flex freedom • friends • mixers • Pete's Arena • hayrides • the Gulf War • recommendations • GRE's • NTE's • nursing finals • CPA exam • friends • LSAT • graduate school applications • deadlines • friends • "all I want is out" • the job search • party • the final finals week • baccalaureate • friends • nurses' pinning • graduation (at last!) • family • PARTY • Hello World . . .

**. . . remember**

. . . No matter who we were or what we did at Bloomsburg University, we all had one thing in common . . . memories. Whether good, bad, happy, sad, the friends we made and the memories we made with them will always be with us forever. The time has come to say good-bye and move on, but when we need a shoulder to cry on or someone to laugh with we will remember the people who went through these past few years with us. Keep in touch, drop a line now and then. As the theme of the 1991 *Obiter* quotes, "This is the Time to Remember . . . these are the days to hold onto . . . the time is gonna change" . . . but the memories stay the same.

**Chris's Corner**

**Well here it is the last page to go in and the book is finally done (key word is Finally!). There are so many people I owe so much to that I know I will forget some so please accept my apology for this.**

**Susan** My Asst. Editor. Thanks for coming all those times I called you at 7:30 in the morning. You did a great job on everything you did for this book and I wish you all the luck in the future.

**Nellie** You and Susan really helped me keep my head above water in doing so much at a moments notice. Just remember, I hope you don't lose Susan again!

**Jennifer** The ads never looked so good! Thanks for all your help with the ads and especially taking a big load off my shoulders by running the business part of the book without me having to be constantly there. I look forward to working with you in about one month.

**Ed Patrick Jr.** Ok, I know I am late with my deadlines but all I can say is that you should get a pay raise after dealing with this university and especially me. Taylor Publishing is very lucky to have a person like you working for them. Just think, we begin the whole process over again in about one month! Scary isn't??

**Melody** I was always constantly amazed at the organization you posessed and was wondering how you pull the whole deal off. Without your help I would not be able to publish this book. Thank you a million for putting up with the address problems and all the phone calls trying to find out what pages I had down in Dallas. You along with Ed deserve a pay raise.

**Andi** Or shall I say Andrea? I will not be able to do anything to repay you for all the dedication you showed throughout the making of this book. I will be losing a great friend, and one valuable yearbook person that I know knew more of what was going on than I did. Maybe I should have resigned and made you Editor? Good luck with your career and Please keep in touch.

There are many other people that have played a pivotal role in helping me with this book. University Relations, Jim Hollister, you saved my butt many times and I thank you for putting up with all the calls concerning sports pictures and the time you took to help me. Joan Helfer, thanks for giving me the pictures I needed when I needed them. I look forward to seeing on the football field this fall. Dr. Hill, all those times we sat down and went over spelling mistakes I made while typing this book. Thank God we are getting that new computer. Thank you for all your help and advice throughout the year. And last but certainly not least.. Evelyn. Thanks for giving me the kick in the butt when I needed it and all the pep talks about this book. You always knew what to say and do to help. Just think one more book to go!

I know this book that sits in front of you may not live up to your expectations and I welcome constructive criticism and I take sole responsiblity for the content of what is in this book. This book marks the 75th year of the Obiter and as you can see we changed the whole book. I hope this change will continue after I am gone. Thanks Bloomsburg for giving me this oppournity to grow, and mature.

**Andi's Corner**

The original purpose of my column was to make a formal apology to Mike Jemo and CGA for inadvertantly leaving them out of the Organization section. So, Mike, here is your apology. . . I honestly didn't see that picture until you stopped into our office - Sorry. The rest of this column came as a gift from the boss, Chris. Thanks! I finally get to say the goodbyes and thank you's that are so hard to say in person. Here goes....

**Chris**, Thanks for believing in me. This was a great opportunity for me. The late night runs to Mr. Donut, Perkins, and Little Caesars, early mornings in the office, that all-nighter that only lasted a few hours into the morning — you've become a great friend. Good luck next year with the 1992 book. It will never compare, though, to this one!

**June & Marge**, my Bloomsburg Moms, I loved working for you two. The concern you always showed for me is not forgotten and will always be appreciated. By the way, when I own the Reds, you both get season tickets!

**To all my ΑΦΩ brothers**, Thanks for the service and most of all, the friendship.

**Mom**, This was all for you. I kept you from getting your degree many years ago, (even though it was **all** Dad's fault) therefore my degree is dedicated to you. I hope I can be as sucessful as you are. I love you! At least you got your "husbandry" degree. I'm still working on that one!

**Daddy**, thanks for the credit cards!! Congratulations to the Class of 1991! -Andi

**P.S.** Chris, that outfit looks fine and you still owe me a Democratic newspaper! -ALC
